HEALTH CARE

Houston, home to the non-profit Texas Medical Center, is fortunate to have some of the finest specialists in the world. The following information is provided by area health care facilities.

Houston Methodist Baytown Hospital

Since 1948, Baytown area residents have put their faith and trust in Houston Methodist Baytown Hospital to provide excellent health care and services.

Maintaining and building on that trust is a continuous process that the hospital's leadership, physicians, nurses and staff take very seriously. The ongoing expansion and renovation project—including a new, expanded emergency department, new, state-of-the-art outpatient center, renovated Cancer Center, new neonatal intensive care unit, two new patient care units and a new, technologically advanced operating room—is the centerpiece in the hospital's overarching mission to serve the growing region of Baytown and east Harris, Liberty and Chambers counties with unparalleled safety, quality, service and innovation for years to come.

Houston Methodist Baytown Hospital's bond with its patients and the community is stronger than ever thanks to its commitment to ensuring that its staff and facilities are second to none. This focus explains why the hospital has been recognized by numerous organizations and award programs, including the American Heart Association and the American Nurses Credentialing Center, and why it continually works to provide unsurpassed medical care and services in a convenient, close-to-home location.

CHANNELVIEW INDEPENDENT SCHOOL DISTRICT

@CHANNELVIEWISD

Channelview Independent School District (CISD)

The Channelview Independent School District is a rapidly growing school district with 9,500 students. The mission of CISD is to provide an educational program which will develop and enhance our students' intellectual, social, emotional and physical growth in order to encourage them to become creative, responsible, patriotic contributing members of society. Inherent within this mission is the belief that all students can learn, and that school can make a difference in the lives of its students.

Channelview ISD is a 6A school district located in an unincorporated area situated on the Houston Ship Channel approximately 15 miles east of downtown Houston.

The district has twelve campuses, an administration building, fairgrounds, maintenance headquarters and a transportation facility. There is a Pre-K center, seven elementary schools, two junior high schools, one ninth grade center, one high school, and an alternative high school.

Special programs are available to all students through accelerated programs, special education, bilingual education, English as a Second Language, vocational education, gifted and talented education, and advanced placement and honors programs.

Channelview ISD has a rich history of being “actively engaged in the future of our community” with the school district being established in 1937. At that time the district employed eight teachers. Today, the district employs the finest employees found anywhere in the state of Texas. These employees are committed to making certain that each child in Channelview receives the best education possible.

Galena Park Independent School District (GPISD) encompasses 33 square miles along the ship channel in east Harris County. The district has a current enrollment of more than 22,000 students on 26 campuses and employs approximately 3,200 people. Through the commitment of dedicated staff and supportive parents, GPISD ensures all students receive a rich and inspiring education. The District provides many learning opportunities to foster curiosity, creativity and participation in the world.

Excellence in All, For All, By All is the focus of GPISD. The District is committed to preparing students to be-

come productive citizens and lifelong learners. Recognizing no two students are alike, staff members continually hone their craft, learning innovative ways to focus instruction, enabling each student to be an active and successful learner.

The district partners with various business, education and government entities to provide college and career readiness opportunities for students. For example, through a partnership with San Jacinto College, the MECA (Modified Early College Academy) program allows students to graduate with a high school diploma and an Associate degree. Partnerships with Harris County have brought the Almatha C. Taylor Clinic and the South Side Clinic to local communities. Furthermore, the Education Foundation has awarded more than \$1 million in scholarships and innovative teaching grants since its inception in 1998.

Innovation, planning and teamwork are key components of GPISD's success. While there are many accolades that bear witness to the success of the district, the Financial Allocation Study for Texas has continually awarded the district top scores, stating GPISD has a very low spending index relative to the quality of education students receive. GPISD remains committed to educating students in a safe and secure environment while being a good steward of the resources with which they are entrusted.
